Profile

Surface Designer & Digital Modeler specializing in automotive and industrial design. I combine Class A surface modeling, concept development, and production preparation with technical precision, using NURBS-based Alias and polygon modeling in Sub-D and Blender to deliver innovative solutions for leading manufacturers. Driven by a passion for 3D design and continuous learning, I aim to play a pivotal role in product development.

Education

YRGO

Design Technology, Surface Designer.

Gothenburg, Sweden

Aug 2022 – June 2024

- Specialised in Autodesk Alias & Sub-D, Blender, Icem Surf, Catia v5, Autodesk Vred, Adobe Photoshop.
- Awarded the Adlerbertska Stipendium for outstanding academic development.

Chalmers University of Technology

Engineering preparatory year.

Gothenburg, Sweden

Aug 2020 - June 2021

- Completed foundational coursework in mathematics, physics, chemistry.
- Completed a MATLAB project course focused on image processing.

Experience

Scott Sports

Jr Design Modeler - Autodesk Alias, NURBS, Sub-D, Blender

Fribourg, Switzerland

June 2026 – Present

- Collaborate cross-functionally within the Industrial Design (ID) Team to bring new products from concept to production.
- Partner with designers and engineers to develop frame geometries, high-performance components, and protective gear across diverse bike segments.

Kia Europe

Jr Digital Modeler - Autodesk Alias, NURBS, Sub-D, Blender

Frankfurt am Main, Germany

March 2026 – April 2026

- Self employed Freelance, Through - Technicon Design
- Promoted from Trainee to Freelance Contractor after excelling in the apprenticeship.

Kia Europe

Trainee Digital Modeler - Autodesk Alias, NURBS, Sub-D, Blender

Frankfurt am Main, Germany

Sep 2024 – March 2026

- Through - Technicon Design
- Collaborate with designers and engineers to develop exterior and interior components for future vehicles.
- Leverage proficiency in both NURBS and subdivision modeling techniques.
- Manage CAS-data project assemblies, 3D printing preparation, buck building, and clay milling to ensure efficient, on-time delivery.
- Enhanced design presentations by building and optimizing 3D models for VRED virtual reality showcases, and creating assets for presentations and animation in Blender, Unreal Engine, and Vred.

Technicon Design Deutschland GmbH

Contract Digital Modeler - Trainee (Sep 24 - Feb 26) Freelance (Mar 26 - Apr 26)

Munich, Germany
Sep 2024 - Apr 2026

- Worked for automotive OEM:
- Kia Europe, Frankfurt Am Main.
- Built strong client relationships by addressing 3D modeling inquiries and delivery expectations.
- Met CAS Design project milestones and deadlines, driving client satisfaction.

Geely Design Center

Intern Digital Modeler

Gothenburg, Sweden
Nov 2023 - May 2024

- Gained deep knowledge of digital modeling theory.
- Collaborated with Design Quality Specialists on industry-standard surface-building methodologies through hands-on assignments.

Projects**Thesis Project**

GEELY DESIGN AI (Scripting with generative text AI)

Gothenburg, Sweden
Nov 2023 - May 2024

- Engineered Blender extensions using Python and generative AI to pioneer streamlined methodologies for AI-enhanced digital modeling.
- Honored with an Award of Excellence for outstanding research and technical development regarding AI implementation within professional 3D design environments.

Volvo AI

University collaboration project

Gothenburg, Sweden
Aug 2023 - Nov 2023

- Collaborated with Volvo Car Design #WeDesignVolvo.
- Designed cars using AI-generated input sketches.

Leadership and Activities**Elit Team Handball Player**

Positions V9, M6.

Lerum/ Partille/ Gothenburg, Sweden
2015-Aug 2023

- Relocated from Visby, Gotland to Gothenburg for high school, pursuing a national elite Sports education in handball.
- Division winner with Rosendal IK (RIK-B team) 2016-2017.
- Top 7 in Sweden U18 with Redberglid IK, 2018.
- Played handball at an elite level for teams such as Redberglid IK, HP Warta and IK Baltichov.

Skills & Interests**Technical Software:** Autodesk Alias & Sub-D, Blender, Icem Surf, Catia v5, Autodesk Vred, Adobe Photoshop.**Core Competencies:** Class A Surface Modeling & Concept Modeling, Hybrid Modeling, Technical Part & Generative Shape Design, Visualization.**Language:** Swedish (Native), English (Fluent).**Interests:** Training, Running, Sport, Reading.**Other:** Driving Licence B.
